

Zero Gravity

Power, PowerPlus, PowerExtra and PowerLux

Computer-controlled cold-cure molded foam is injected directly over the steel frame. This unique H2 technology provides superior and lasting comfort with an ergonomically correct body support throughout all areas of the recliner.

Adjustable headrest, with an infinite number of comfort positions, provides ultimate support for your neck while reading, watching television or resting.

Effortless reclining. Shift seating position and back rest angle with the push of a button.

Smart storage for your power supply or battery pack on power recliners.*

Clean back profile with an easy access to the Smart storage

No SmartStorage on Power Extra and PowerPlus as Battery is not recommended.

Anatomically correct shaped interior steel frame with sinuous springs and a **patented built in dynamic lumbar support** system for optimal lower back support regardless of reclining position.

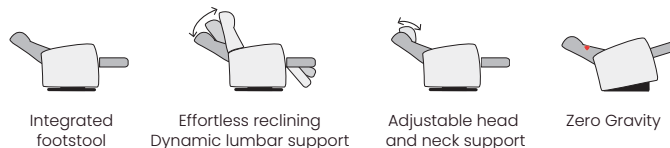

Strong and wide base provides durability and superior stability.

Low profile hard wood seat frame with enforced sinuous steel springs and high-density computer controlled injection molded foam provides superior seat comfort and durability.

Our **Zero Gravity** Chairs Provides ideal weight distribution which reduce the stress on different parts of your body.

- Improved blood circulation
- Reduced joint swelling
- Improved lung capacity and function
- Reduced back pain
- Reduced spinal cord compression

Full **arm support** regardless of reclining position
