

NORSIT®

***Sit down, kick back and enjoy
comfort seating at its best!***

The unique comfort features of our recliners are hidden under the surface. Our recliners are made with high density Cold-Cure Molded Foam Cushioning. This unique space-age technology ensures comfort, body correct support as well as durability.

Our recliners know a lot about us, what we read, what we watch, what we play, how and when we sleep. That's why we need one we can trust to handle whatever we throw at it each day.

Choose safe, choose a NORSIT® recliner from H2 Seating. You know its the right one the minute you sit down. Choose a recliner that's got your back.

Reclining

Our patented reclining glide system providing a smooth and adaptive recline. It is effortless and reclines easily by applying your body weight. Use the knob to adjust the reclining tension to suit your body. The chair provides lay-flat recline position like no other in the industry.

Head and neck support

The easily adjustable headrest function, with an infinite number of comfort positions, provides ultimate support for your neck while reading, watching television or resting. Some models are also equipped with Telescopic function making it possible to move the headrest up and down.

Sizes for perfect fit

Comfort seating is all about finding the optimal size and design. NORSIT® recliners are available in different sizes, designs and seat heights for perfect fit, regardless of body shape and size.

In addition we offer an option to lower (2cm/0,8inch) or increase the seat height (2cm/0,8inch) across all sizes. This is done with a cylinder swivel mechanism of different heights.

Dynamic lumbar support

Anatomically correct shaped interior steel frame with high carbon sinuous springs and a built-in dynamic lumbar support system ensure optimal lower back support regardless of reclining position.

Adaptive footstool

Practical and very comfortable foot and leg support. The H2 Seating footstools have a built-in function that automatically follows the movement of your legs when reclining, securing the most optimal leg support possible.

Swivel

With a smooth 360° swivel you can easily rotate the chair in either direction while seated.

The gracefully curved laminated bent wood design provides unsurpassed stability and durability.

FURNSIT™

Recline and Relax with the best!

Stylish comfort seat awaits.

Norwegian recliner designs are defined by its combination of functionality, comfort and quality. Our products are inspired by Norwegian nature and heritage, and built on know-how and experience that has taken decades to perfect.

Slim silhouettes and streamlined designs can be surprisingly comfortable, especially if they are built with cold cure molded foam and contains the array of comfort functions that is built into our **FURNSIT™** recliners.

Sleek and simple. Bold and bright. Unique and interesting. Who says crisp, clean and streamlined design can't be comfortable? You know **FURNSIT™** is the right recliner the minute you sit down.

Crafted with Passion for Comfort – since 1941

I am truly inspired by the remarkable legacy of my family's commitment to provide outstanding comfort chairs and sofas. Since 1941, my family's devotion to this craft has paved the way for H2 Seating to become synonymous with innovation and unmatched comfort seating solutions.

From our Headquarters in Ålesund, Norway, our highly experienced team designs and creates ergonomic comfort furniture with proprietary know-how and patented technology that has taken decades to develop and refine.

All H2 Seating products are manufactured at our own vertically integrated state-of-the-art factories. We use highly advanced technology and the most optimal sustainable solutions. Our seating components are made from computer-controlled Cold-Cure Molded Foam technology to ensure ergonomic design, superior quality, and ultimate seat and back comfort.

We are proud to be part of the Nordic heritage and our commitment to sustainability and excellence is reflected in every piece of furniture we produce.

Sit back, relax and enjoy the comfort of H2 Seating!
