

norRelax™

NORWEGIAN BRAND

# Book time to Relax

Recliners from H2 Seating have all the right moves. Swivel, Glide, Recline and provide ultimate Relaxation!

## THE RIGHT SIZE MATTERS

Optimal comfort is also about finding the correct size. All of our recliners come in different sizes for the perfect fit.

The difference in dimensions of each chair size is noticeable. Seat width difference is 2", seat height and seat depth is 1" and the back height is usually around 1 1/2" between the sizes.

# Options that make your chair the best place to Relax and Recharge.

## Manual

The chair can easily be operated with effortless reclining. Shift seating positions and the back rest angle using your body weight. The extended footrest can easily be unfolded by pulling the inside handle. To fold the footrest in, use your feet to press it down and towards the chair.

- Swivel
- Extended Footrest
- Adjustable headrest
- Dynamic lumbar support
- Glider
- Glider locker

# Power

Upgrading your manual relaxer to **Power** recline means it has never been easier to achieve true, quality comfort, all at the touch of a button.

## Power Recline

- Swivel
- Extended Footrest
- Adjustable headrest
- Dynamic lumbar support
- Glider
- Glider locker
- Smart storage
- Battery option

# PowerPlus

With **PowerPlus** you will get power recline and power operated headrest along with all the other functions available on the Power version.

- Power Recline
- Swivel
- Extended Footrest
- Power adjustable headrest**
- Dynamic lumbar support
- Glider
- Glider locker
- Smart storage
- Battery option

On PowerPlus are two different switches available:

Switch with USB charger

Power Headrest    Power Recline    Home Function

Switch with battery charger\*

Power Headrest    Power Recline    Home Function

\*Perfect switch option if your chair is equipped with a battery.

# PowerExtra

**PowerExtra** will give you power recline and power headrest as well as adjustable lumbar support. Heated seat with 3 heat levels is also included.

- Power Recline
- Swivel
- Extended Footrest
- Power adjustable headrest
- Power adjustable Dynamic lumbar**
- Glider
- Glider locker
- Comfort Heating**

# PowerLux

- Power Recline
- Swivel
- Extended Footrest
- Soft air massage**
- 4 different massage modes
- Comfort Heating
- Power adjustable headrest
- Power adjustable dynamic lumbar
- Glider
- Glider Locker

Battery should not be used on PowerLux

**PowerLux** have it all. Power recline and power operational headrest plus air massage, heating and individually adjustable dynamic lumbar support.

HEAT ON/OFF

LUMBAR SUPPORT

MASSAGE ZONES

Customize your massage by controlling which zones are activated. LEDs will signify which zones are currently on. If no zones are selected, then the massage will turn off.

HEADREST CONTROL

Adjust the headrest angle.

RECLINING CONTROL

Recline and change back angle

MASSAGE MODES

Choose a massage mode by pushing the button. The LED signify which mode is activated. Modes include:

Pulse Wave Loop

ON/OFF

Turns all massage zones and modes on and off when pressed.

If heat is on, then pressing the power button will also turn off heat, however pressing the power button will not turn the heat on.

# We got your back

H2 Seating computer-controlled **cold cure molded foam** process is unique and guarantees absolute comfort, durability and a cleaner, more green product. MDI based higher-grade foam material encases the interior steel frame and high carbon sinuous springs allowing for body-friendly curvatures and ergonomically back support. 56 kg/m<sup>3</sup> (3.5lb/ft<sup>3</sup>) foam density ensure longevity.

## Adjustable friction headrest system

An infinite range of support positions. Our adjustable headrest provides ultimate support for your neck while reading, watching television or resting.

## Patented **dynamic lumbar support** system

Anatomically correct shaped interior steel frame with sinuous springs and a patented built in dynamic lumbar support system for optimal lower back support regardless of reclining position.

Telescopic (up-down)  
Adjustable head-and neck support

Every chair is outfitted with a glider that provides a smooth back and forward movement. All chairs, Manual, Power, PowerPlus, PowerExtra and PowerLux are also equipped with a Glider Locker.

Battery packs are available so you can place your recliner anywhere in the room. The Smart Storage solution provides excellent storage for the battery or the power supply.

Comprehensive **Warranty** policy

# Dedicated to Comfort Seating

H2 Seating is producing comfort seating that provides the ultimate way to relax, rest and recharge.

From our Norwegian base we are building furniture based on proprietary know-how, craftsmanship and technology that has taken decades to develop, refine and perfect. All our products are designed in Norway.

There is much talk about the triple bottom line by focusing on social and environmental impact as well as financial results. We are happy to join in, and as Norwegians we understand the importance of nature, and the environment we are a part of and the human power of equality, fairness, and opportunities for all.

Our pledge to the environment spans generations and is embedded in our culture. Raw materials are carefully selected along with our modern sustainable manufacturing processes, ensures that when you purchase a H2 product, you can be assured that it will last a lifetime.
